

HOW TO MOUNT YOUR HOVERCOVER

STAGE 1: CLEAN THE WALL

Use a slightly damp cloth to clean the area for the Glue of the magnet. Dirt could prevent the glue from unfolding its full power.

STAGE 2: REMOVE FILM

Remove the red protective foil from the magnet. Make sure that you do not touch the adhesive with your hands so that no dirt or dust gets on the glue.

STAGE 3: STICK TO THE WALL

Stick the magnet to the previously cleaned surface. Press the magnet for about 20 seconds with your hand clench strongly against the wall.

STAGE 4: HANG UP!

Now your Hovercover is ready to hang up! The magnet system makes it easy to align your artprints. You do not have to worry about oblique hanging artworks.
